

Powering Progress Together: Solutions for a Sustainable Tomorrow

2024 TVA INDUSTRIAL SUMMIT

April 16, 2024
9:00 am - 2:30 pm CT
Embassy Suites,
Nashville Cool Springs

Discover new business opportunities

We're excited to invite you to TVA's 2024 Industrial Summit.

This year's theme is Powering Progress Together: Solutions for a Sustainable Tomorrow. We're excited for industrial energy managers, facility engineers and energy decision-makers to join us to discuss best practices, resources and partnerships to help them reach their energy goals.

Following the Summit, Compressed Air Training will be offered for customers with compressed air systems over 100HP. Valued at over \$400 per participant, this training is free and allows participants to earn 0.7 Continuing Education Units (CEUs).

Hear from the experts

- Connecting Today's Energy Supply with the Demands of Tomorrow
- Best Practices for Energy Efficiency Panel
- New Energy Efficiency and Demand Response Offerings
- Renewables and Resilience Services
- Federal Funding Opportunities
- Partnership: How Can TVA and your Local Power Company Help You?
